traffic.vicroads.vic.gov.au/gippsland

Relief Centre

Fires

- Going Contained Under Control

Current Burnt Area

The potential impact area identifies an area that is likely to be impacted by potential fire fronts moving into communities, spot fires and ember attacks and fire closing major roads and isolating communities.

Check warnings. If you are in an area under a warning follow the instructions in the warning.

If you are in East Gippsland you need to move to built up areas, including Lakes Entrance, Bairnsdale, Omeo or Orbst, this morning.

Power outages and loss of phone reception are possible today, as fires impact infrastructure.
